CBS Reporter Speaks Today in Concert Hall

Martin Agronsky, Washington correspondent for CBS radio and television, will present "The United States in a Changing World" this morning at 10:30 in Concert Hall.

The award winning newscaster is the guest of the SJS student chapter of Sigma Delta Chi, professional journalism fraternity, and the ASB Forum lecture series.

Admission to the Forum series

Card Burning Still Planned By Student

Roger Lette, sophomore philosophy major who announced Tuesday that he plans to burn his draft card tomorrow at 2 p.m. at Friday Forum on Seventh Street, expressed approval when informed of the FBI's intention to be there for the burning.

"I'm glad — everyone should come. The more the better," he declared.

Lette added that he has been under considerable pressure from friends this past week not to burn his card. He originally announced his intentions to do so in the Spartan Daily.

He expects to meet opposition from his family. "I expect to hear from my family this afternoon," Lette said yesterday.

Lette said he has a 5 minute speech prepared for the burning tomorrow. The point of the speech, according to Lette, is "To bring out essential basic identities — humans should feel for one another — people are the same the world over."

Lette said he plans to destroy his draft card despite the new law making draft card burning a federal offense—a felony punishable with a fine of \$10,000 and five years in the penitentiary.

Dr. Theodore Norton, Associate professor of political science, said, "Whether this new law will stand or be judged as unreasonable, I can't be safe in saying," Dr. Norton added that a conviction in a matter such as this would require extensive procedure and time.

is free and open to the general public.

Throughout his journalistic career, Agronsky has been a foreign and Washington correspondent for all three news networks: CBS, NBC and ABC.

He has been on special assignment for the Eichmann Trial the signing of the Test Ban Treaty in Moscow and the launching of the Polaris Submarine.

For his outstanding coverage of the Eichmann trial in Israel, Agronsky won the DuPont Commentator's Award. The newsman is also the recipient of the Peabody Award for his "At Issue" news analysis program.

Agronsky began his career in journalism in Israel as a reporter for the Palestine Post, an English-language daily.

During World War II, he covered the British Army in North Africa and RAF bombings over Italy.

He was transferred to the Far East where he reported the Japanese attack on Singapore.

Recently Agronsky has appeared on the Huntley-Brinkley Report, Today and several news specials.

After his lecture today, Agronsky will attend an SDX luncheon given in his honor at Spartan Cafeteria. President Robert D. Clark, good friend of the newsman will also be in attendance.

'We'll Have FBI On SJS Campus'

By RICK SKINNER
Spartan Daily Staff Writer

Agents of the Federal Bureau of Investigation (FBI) will be on the SJS campus tomorrow to observe the possible burning of a draft card by an SJS student, according to Robert S. Marder, assistant U.S. attorney.

"We'll have agents on campus," Marder said yesterday, speaking by phone from his San Francisco office.

A man in the downtown San Jose FBI field office had "no comment" on possible FBI action, but did say that the FBI was under the directive of the U.S. attorney.

"It is FBI policy to make no comment regarding past, present or future investigations," the man said.

Yale Students To Appraise Prof Promotions

Yale University one-upped the Tower List by allowing its students an official voice in the appointment of faculty members to tenure positions.

The move is planned to improve teaching performance by allowing academically high-ranking students to submit a "written appraisal of the strengths and weaknesses" of their educational experience in lectures, discussions and seminars.

The idea was prompted by an investigation of the "publish or perish" controversy which arose at Yale when Richard J. Bernstein, an associate professor of philosophy was not recommended for promotion to full professor.

Buckminster Fuller Scholar in Residence

Richard Buckminster Fuller, noted architect and engineer, will be the official Distinguished Scholar in Residence from February 7-March 31, 1966, Mike Neufeld, ASB Information Officer, announced yesterday.

Fuller, famous as the engineer of the geodesic dome, is also known for his invention of energetic-energetic geometry.

Although he now holds several honorary doctorate degrees, Fuller, 68, ended his college career while only a freshman at Harvard.

Among these degrees are: Dr.

Conduct Violation

IFC Suspends Fraternity

By LAVELLE JACKSON
Spartan Daily Staff Writer

A topless dance performance on the roof of the Delta Upsilon fraternity house has led to both social and athletic probation of the DU's for the remainder of the academic year.

The topless dance performance on Sept. 25 followed a previous history of pranks and violations which had brought probation twice and suspension once of the DU's in the last two years.

The decision handed down by the Interfraternity Council Judiciary

U.N. Celebration Set for Weekend

"Mankind Together: Our Hope for the Future" will be the theme for the 1965 Annual United Nations celebration. The celebration will be held in the Exposition and Pavilion Halls at the Fair Grounds Sat. and Sun.

The opening ceremony will start at noon and end at 12:30 p.m. Council Generals from 30 foreign countries will greet visitors in their respective languages. There will also be flag ceremonies.

At 12:30 food booths will be lined up in the Exposition Hall offering an assortment of each country's food. These booths will remain open during the entire celebration.

and approved by the college officials said, "The Delta Upsilon fraternity has been placed on strict probation for the remainder of this academic year for its violation of college standards during an entertainment function on Sept. 25."

Conditions of the probation provided for removal of the fraternity charter upon further major breach of conduct.

Delta Upsilon's social program will be eliminated for the rest of the year, with the exception of one fall and one spring function.

The affiliate program, allowing non-members to participate in the fraternity's social and athletic program, is also terminated.

Members of DU will not be allowed to participate in any intramural team either as a fraternity member or an independent student.

Bruce Darby, social chairman for DU, has said that the fraternity plans to "stand on the decision as it is."

"Now we plan on channeling our efforts into community projects, improving scholastics and

rounding out the fraternity activities," Darby added.

Concerning the roof-top performance which brought on the probation, Darby said, "The whole thing was a mistake. We wanted just an A-Go-Go girl."

Darby said that the fraternity had given personal apologies to neighboring houses which might have been offended by the performance.

Both DU and Sigma Chi fraternity were placed on probation last spring when they became involved in an April 21 water fight. Police said the fraternities were uncooperative. Two other fraternities were placed on social probation for the same water fight.

In January, 1963, the DU's had also received a probation sentence following an illegal pledge sneak. In October of that same year the fraternity was suspended after participating in another prank which violated former probation conditions.

The non-recognition penalty was lifted in January, 1964, after DU had met IFC stipulations for improving the fraternity activities.

Deadline Extended

The deadline to apply as SJS delegate to the Governor's Youth Conference has been extended to next Wednesday, Oct. 27. Dr. Cornelia Tomes, associate dean of students announced.

Four students between the ages of 16 and 21 and one faculty member will be selected to attend the conference which will be held in Sacramento, Nov. 11-13.

Applications are available in the Activities Office, ADM242, or the Information Desk.

The Student Council recently voted to pay the expenses of the SJS delegation.

Council Asks Study On ASG Convention

Student Council passed a resolution yesterday calling for Junior Representative Bill Clark to study the possibility of holding a regional and/or national conference of the Associated Student Governments of the USA (ASG) at SJS next year.

Clark, elected director of operations of ASG at its national convention at Purdue University last week, emphasized little money need be spent by SJS in hosting an ASG convention.

He added, however, a great deal of time would be involved. The one-year-old ASG considers and discusses problems, mostly in seminars, relating to student government.

Clark estimated as many as "600 delegates from all over the U.S." might attend. Also at council ASB Pres. John Hendricks reminded council members attendance at standing committee meetings is required. Hendricks said there have been a number of absences at committee

meetings, notably the Campus Policy Committee which has been unable to raise a quorum for the last three weeks.

Hendricks pointed out council members who have three consecutive absences and a total of four absences from council or committee meetings may be subject to recall under council rules.

He added council members who cannot attend meetings should "turn in their resignations."

Council Chairman and ASB Vice President Jerry Spolter referred to committee two items of correspondence.

One was a letter from Kyoo-chul Park of Pusan, Korea, who requested council send financial assistance to Park's orphanage in Pusan.

The second was a letter from the International Voluntary Services/Viet Nam (IVS), asking council to publicize "the rapidly growing student social service movement that works with citizens in the cities and the distant villages and hamlets" in Viet Nam.

'Angels' Attempt To Change Image

SACRAMENTO (UPI) — California's notorious Hell's Angels motorcycle gang, which clashed with anti-Viet Nam War demonstrators in Oakland last weekend, planned to file incorporation papers at the state capital yesterday as a "patriotic social club."

The announcement was made by Fred Ullner, who heads the Republicans for Conservative Action and helped organize the "Friends of the Hell's Angels Committee" after the disturbance Saturday afternoon.

The Republican Central Committee of Alameda County issued a statement Tuesday night disassociating the Republican name from Ullner and both of his groups.

Final Union Plan Gets O.K.

The Board of Governors in their last meeting approved plans for the \$3.2 million SJS College Union to be built in the latter part of 1966. The final draft by Ernest J. Kump and Associates, of Palo Alto architects, has been approved, but working plans have not been completed.

At the present, the exterior of the College Union will remain the same, but there will be a few minor changes, such as space allotment in the interior. The design of the building will attempt to stress the sense of student involvement with campus activity.

Roger L. Rodzen, chairman of the College Union, stated that "the key approach to the union will be basically change."

He added that it will include

elements of symbolism—practically an estatic condition where students may feel free from academic pressure. A blend of recreation organization and all facets of community life will be represented in the completed structure, he said.

The building itself is designed to reflect a feeling of warmth with a planned brick and wood interior. The students also will be able to enter the building from all three levels.

The center section will be set up on a six-level concept with three or four suspended lounges. A dining area will be included, and a barber shop, bowling alley, snack bar, meeting rooms and other facilities will be available to accommodate students in their leisure hours.

Psychology Dept. To Offer Panel on Homosexuality

By DAVE PROVAN

Homosexuality is a subject about which most people know very little but are quick to condemn.

The SJS college community will have a unique opportunity this evening at 8:30 in E132 to hear a panel discussion on "Homosexuality and the law."

"It is estimated that four out of every 100 people are homosexuals and must adjust to it," stated Dr. Bruce Ogilvie, professor of psychology, director of the counseling center and chairman of the event, "This is a significant minority."

The program, sponsored by the Psychology Department, has four goals, according to Dr. Ogilvie: "To educate the public as to the realities of the law and penal code with regard to this aspect of human behavior."

"To make the public aware of injustices because of generalizations that follow with this type of human adjustment."

"To support changes in the penal codes and legislation, and to learn from the panel the nature and type of prejudice they are exposed to."

The panel will consist of Evan Smith, San Francisco attorney, and the Rev. Dr. Clarence A. Colwell, United Church of Christ Minister. Bill Beardemph, president of the Society for Individual Rights, and an invited officer from San Jose's law enforcement, also will attend.

Smith and the Rev. Colwell are members of The Council on Religion and the Homosexual, Inc.,

a group of San Francisco religious and civic leaders who have organized to promote a better understanding of the homosexual in the community.

The first half of the program will be a panel presentation. An intermission will precede the second half questions from the floor.

Congratulations on the engagement of:

Carol Calkins, Chi Omega, senior English major from Oxnard, to William Erwin, senior commercial design student at University of Arizona, from Oxnard. Couple will marry in August.

Liz Somerville, Delta Gamma, junior social science major from San Diego, to Dick Henry, SJS alumnus from Bakersfield now employed at Xerox Corp. in Burlingame. June marriage is planned.

Marilyn Ann Kays, junior social welfare major, to Glenn Franklin Turner of Santa Monica, presently employed by Olivetti-Underwood Corp. Wedding date is set at Dec. 18.

Jeanne Jalick, junior English major, to Mike Williams, senior recreation major from Boise, Idaho. Dec. 18th wedding date has been set.

A complimentary copy of our 115 page Bridal Guide is yours by calling Vienna Watkins... Bridal Consultant.

Engagements will be announced every Thursday, courtesy of:

Union Offers 'Class'

College is not just a passive experience.

An education is not simply assimilated by soaking up lectures and programs in the classroom.

One of the most important, and most neglected aspects of college education is learning to work with people. Facts are fine, but until you have acquired the ability to communicate your ideas, the facts you know can't go to work for you.

You ask, where is this class in getting to know people and to work with them, but you won't find it in any college catalogue. Except in a few specialized examples, there are few classroom opportunities to try out your abilities in human relations at the practical level.

Try the College Union instead.

Committee interviews are held almost daily throughout the semester and offer you a chance to put to work those facts you sit up all night trying to memorize.

Talk to people in student government. You'll find they aren't any special breed—just a group of men and women who are learning about each other and how to accomplish something where nothing existed before.

Participation in your student government affords vital applications of classroom learning to future careers. Wake up to your own capabilities and find a place to develop the talents to implement the facts you accumulate.

You want to learn in college, but don't wait for it to come to you. Try putting something back into your college—it will yield a return far beyond the work it requires.

YR's Take Full Credit For Coffin Display

Editor:

There seems to be some confusion in the Daily's Oct. 18 reporting of the "coffin" counter-demonstration. In two different articles, two different groups were reported as the organizer of the project.

As one who helped in the planning, building, and marching stages of the project, I can say without fear of contradiction that it was a Young Republican presentation; it was conceived by the YR's, financed by the YR's, and built by the YR's with the help of many other concerned students.

Court Case Supports

Parade Permit Refusal

Editor:

Arthur E. Hippler, in his letter published in Tuesday's Daily, stated that the City of Oakland's refusal to issue a parade permit to the Vietnam Day Committee "is in opposition to the most basic rights of freedom of speech and assembly granted to all Americans by the Constitution of the United States . . ."

I refer Mr. Hippler to the case of Cox v. Louisiana (379 U.S. 536, 1965), in which the Court rejected the notion that "the First and Fourteenth amendments afford the same kind of freedom to those who would communicate ideas by conduct such as patrolling, marching, and picketing on streets as these amendments afford to those who communicate ideas by pure speech."

The Court also reiterated the right of local governments to regulate the conduct of such gatherings, although without regard to their political or other persuasion.

The City of Oakland should be commended for its refusal to issue a permit.

Film Series Improves; Conditions Not Classic

Editor:

I am writing Thrust and Parry not to defend last Wednesday's technical difficulties, but to provide a statement of the aims of the Classic Film Series and the limitations which it is obliged to suffer. While virtuosos writing may be therapeutic (See: T & P Oct. 15, No. B824) it does not direct us to the solution of our problems.

The Series survives solely from the support of the Associated Students and from the Audio-Visual Service Center. It was engendered by the late Robert Orem, professor of English, who recognized that film could be used to enhance the cultural milieu on the campus as well as to supplement studies in literature. Since its inception, the Series had broadened its format beyond the literary orientation.

Since college film programs are by defini-

tion non-commercial, they are licensed to show only 16mm reductions from 35mm or larger commercial formats. Occasionally, larger format films, when reduced to 16mm are imperfect.

This was the case in L'Eclisse. Sprocket holes were printed so close to the sound track that our regular projector scanned these marks. A substitute print was not available. We located projectors with narrower sound scanners, but they proved to be mechanically substandard—hence the breakdown.

We have tried to find an adequate screening auditorium. Morris Dailey is too large and the screen too small. Concert Hall is comfortable but the projector has to be situated in mid-auditorium and the portable screens are very small. The College Theater is ideal, but it is booked solid. Our considered opinion is that TH55 affords better viewing than other available places.

Rollin E. Buckman
Associate Professor of Speech
Co-ordinator of Classic Film Series

Pro-Viet Intellectuals

Cite Human Sentiments

Editor:

Cursory newspaper readers, who confuse headlines with truth, feel that the academic political consciousness is either a vociferous left or a loquacious right.

In my opinion, the majority of American intellectuals quietly but unequivocally endorse the Viet Nam policy of President Johnson.

The attitude of love and peace at any cost is of course profoundly humane and deeply laudable. It is essential that these noble sentiments be expressed with strength.

Similarly, the outspoken defense of the great American virtues of freedom and individualism is a necessary, heartening, and stirring reminder for retaining a civilized quality of life.

Let us nevertheless remember—for the sake of truth and for the morale of our men in Viet Nam—that President Johnson is confronted not with pure ideals uncontaminated with the impurities of practical human existence but with concrete decisions having real, momentous and irrevocable consequences.

Under such circumstances, no rational human being could have made decisions that differ radically from those of the President. His decisions have been carefully reasoned, principled, restrained and courageous.

We can and should expect no more from a fellow human being.

Recognition Policy Hit

The United States' statement that it will not recognize a discriminatory government in Southern Rhodesia should en-

courage critics of U.S. recognition of the Union of South Africa.

The United States has said it will not recognize Southern Rhodesia unless provisions are made for eventual control of the government by the Negro majority.

For years the United States has been in the awkward position of condemning discrimination but recognizing South Africa, which practices some of the most militant racial discrimination in the world.

Part of the reason for continued U.S. recognition is economic: American businessmen have large investments in South Africa.

It is relatively easy to withhold recognition from Southern Rhodesia, a nation just attempting to become independent, and difficult to withdraw it from a country with which the United States has strong economic ties.

Critics of U.S. recognition of South Africa certainly can point justifiably to this country's double standard in this case, though they stand little chance of reaching their objective.

Starting Time Conflict

Confusing To Patrons

Editor:

I wish to call attention to one of the Spartan Daily's mistakes. This mistake is being made by at least one other publication on campus.

To the best of my knowledge, the Friday Flicks usually begins at approximately 6:30 p.m. The Spartan Daily has announced the starting times as 6, while the San Jose State College Calendar, a weekly publication, announces the time as 7.

Originality in this area should not be tolerated. Arriving a half hour early or late can be rather discouraging to potential return customers.

Wayne Rhoten A1521

EDITOR'S NOTE: The classic film shows start promptly at 3:30 and 7 p.m., according to Rollin Buckman, coordinator.

My Existential Ways Double Standard Plagues March

By TOM MEAD

"We, as a people, seem to be losing all sense of respect for ourselves and our fellow men . . . to attempt by resolution or law to impose our will on a large body of people in matters where no moral wrong is involved and where liberty is curtailed."

John J. Raskob
American Politician (1879-1950)

BERKELEY — A double standard in the American philosophy was unveiled in this megalopolis of the academic communities last weekend, and in the opinion of this writer, it was appalling.

An estimated 8,000 demonstrators protesting U.S. involvement in Viet Nam were denied the right to march to the Oakland Army Terminal on two different occasions because they lacked a parade permit.

CORNER ACTION

An approximate 375 Oakland police officers stood braced for action at the corner of Telegraph Road and Woolsey Street as an insurance measure that "these traitors" would not reach the terminal.

The denial of a parade permit clearly points out the emergence of a double standard in the American philosophy.

Students, faculty members and citizens may walk hand in hand to fight the injustices against minority groups, but when it comes to protesting the involvement of the U.S. in Viet Nam, they are forbidden to speak out and demonstrate.

RIGHTEOUS MOVEMENT

In the first instance, marching for the cause of civil rights is considered by many a righteous movement. However, as illustrated during the Vietnam Day Committee demonstrations, marching for a cause less popular is an infraction of the law.

One does not have to believe or accept what the VDC marchers advocate.

But when this group, as well as any other group, is denied the right to parade, it is time we took a closer look at the principles underlying the founding of this nation.

SECRET PLAN

It is equally appalling to read and to hear about the "secret plan" agreed upon by law enforcement agencies in Oakland, Alameda County and Sacramento.

An informed source told this writer late Sunday night that had the marchers broken through the police lines, approximately 3,700 national guardsmen, county sheriffs and FBI agents were on stand-by to crush the group.

Diversified opinions, introspection and constant questioning have been a bulwark in the structure of this nation.

History shows many diversified opinions. Those of the VDC can be accepted or rejected but should be heard in Cal, Washington, D.C., or at the Oakland Army Terminal.

Question Man

What do you think of the topless dancer, Miss Carol Doda coming to SJS to promote the new campus magazine — Sparta Life?

Ray Hellen, senior, philosophy, Pleasanton

I think she will attract a lot of attention. It showed a lot of initiative in asking her. It's nice to see that they're coming up with good new ideas.

Bob Fritch, sophomore, English, Fremont

College students ought to be mature enough to accept this. As long as she is fully clothed, there should be no problem. Someone else might not stimulate as many sales.

Bev Thompson, senior, social science, San Mateo

I think it is fine for publicity. It should create lots of attention. I don't think it will cause much trouble as most people don't make moral judgments these days.

Gay Sargeant, junior, education, Menlo Park

It seems as if they could have found someone more representative. Too much emphasis is put on sex, drinking and the like on this campus.

Carolyn Hatfield, junior, home economics, Dallas, Texas

It will stimulate a lot of interest and publicity, and this kind of stunt will bring out a lot of people, which should help sales.

Bob Hovenden, junior, economics, Etna

Because the magazine is more along intellectual lines, it would have been better to have someone more intellectually representative and less sensational.

Margaret Stewart, grad, health and hygiene, Palo Alto

I don't think they really need an illustrative example to promote it. I think it is out of place and that no visual aids should be used. They should appeal to the serious minded.

Terry Shank, freshman, business, San Jose

I think it is a big joke. She should be good for a lot of publicity if that is what they want.

New Building Now Planned For Business

Construction of a new \$3.9 million, seven-story building to house the SJS Division of Business scheduled to begin in late spring 1966, according to Executive Dean C. Grant Burton.

The Division of Business, fourth largest in the nation, is currently scattered in seven major buildings on campus. Plans for the new building were approved by the California State College Board of Trustees recently.

The air-conditioned, reinforced concrete structure will include 3,000 square feet of space.

Its facilities will include 26 lecture classrooms, 18 activity rooms, one laboratory and offices for the faculty. Target date for completion of the building is fall, 1968.

Necessary land for the structure is presently being acquired by the state.

NEW BUILDING PLANNED—An artist's sketch shows the proposed new building which will house the SJS Division of Business. The \$3.9 million seven-story building is scheduled for construction next spring.

The new structure's facilities will include 26 lecture classrooms, 18 activity rooms, a laboratory and faculty offices.

Annual FEE Fund Drive Under Way

The Fund for Excellence in Education (FEE), annual fund-raising campaign sponsored by the SJS Alumni Association, is now under way, Richard Buxton, executive director, announced today.

The Alumni Association has mailed out appeals to 30,000 SJS alumni who are scattered throughout the State, nation, and world. Buxton explained that the campaign will depend almost entirely on mail solicitations because of lack of manpower.

No set monetary goal has been set for the 1965-66 drive, according to the director.

"The purpose of FEE is to offer alumni an opportunity to assist SJS in achieving excellence in education," Buxton said.

He explained that the college's state budget provides adequate funds, but the extras that mean excellence in an education can be only through private assistance.

Money contributed to FEE is used for scholarships, research fellowships and grants, educational materials and facilities, and alumni communication.

Because of shortage of funds, only 145 of SJS's 21,000 students received scholarships last year, and the average size was only \$100.

In the past five years, the SJS research program has tripled to present \$1,300,000 program. However, most of these funds represent government grants.

Local funds to sponsor the small faculty research grants and student research fellowships totaled \$20,000 last year.

Interviews Set for ASB Positions

Interviews are scheduled today to select a chairman and a treasurer for the ASB Social Affairs Committee.

The interviews are set for 2 p.m. in the College Union.

The purpose of the Social Affairs Committee is to provide activities representing all segments of the college community for SJS students.

The ASB Awards Board will choose four members from interviews set for 2 p.m. tomorrow in the College Union.

The Board grants recognition to outstanding service to the college areas subsidized by ASB funds. It seeks to standardize the SJS awards program.

French Club Begins Language 'Shop' Today

By BOB FISHER
Spartan Daily Staff Writer

"Education par excellence" seems to be the cry echoing through college campuses since the silence of the "apathetic generation" was broken.

Today, in cafeteria room A at 4 p.m., some of the cries will be transformed into the "belle musique" of the French language—with the crunch of cheese and crackers in harmony—or discord.

Presently organizing, the French Workshop is designed primarily for any student seeking help with French or English, according to Jeff London, vice-president of the French Club.

London reports that a large group of French-speaking students from Mali, West Africa will soon arrive to study the English language. They are coming here to learn to speak and understand English so they can return to Mali and teach it to their people.

Maliens are educated in French and many of them have gone to school in France before coming to SJS. Last year many of them had very limited contact with the people here and with our language. London comments that this year, as last year, they will be eager to exchange with Americans some

of their linguistic knowledge, as well as friendship.

In the French Workshop, the Mali students will give assistance in the French language in exchange for help in English. London assures that in addition, there are many students on campus from other French-speaking countries ready to take advantage of the program.

"The Workshop will provide a convenient place for students of common academic endeavor to get together and exchange ideas, as well as an opportunity to welcome foreign students and make them more at ease here," commented London.

London adds that the Workshop is simply an informal rendezvous and involves no formal structure. He feels that possibly, the French Workshop can be extended to include other languages eventually.

Hillel Schedules Talk on Germany Tonight at 7:30

The SJS chapter of the Hillel Foundation will sponsor a talk tonight at 7:30, Newman Center, 79 S. 5th St.

Guest speaker for the group will be Rabbi Joseph Glaser who will speak on "Prospects for Democracy in Germany."

Recently, Glaser spent one month in Germany at the invitation of the West German government and will relate his talk with his own observations and personal experiences.

He is presently serving as Camp Director and Chief Rabbi at Camp Saratoga.

On Sunday, from 12 to 2 p.m., the Hillel group will hold its first lox and bagel brunch of the semester in the downstairs cafeteria, at the Catholic Women's Center, 5th and E. San Fernando Streets.

Folk dancing, led by Jan Inus, will also constitute part of the afternoon's activity.

Indonesian Youths Gather To Protest

JAKARTA, Indonesia (UPI)—Hundreds of Moslem youths denounced Communist China and the Indonesian Communist Party yesterday at a rally in a park opposite the U.S. and British Embassy residences.

The rally had been called to oppose American and British bases around the world.

Police troops in combat fatigues carrying bayoneted rifles cordoned off the British Embassy when the crowd poured out of the park and tried to march on the ambassador's home to deliver a resolution calling for removal of all foreign bases.

After consulting with police officials, the members of the Islamic Youth Organization returned to the park where speakers, after denouncing the U.S. and Britain, launched harangues against Red China for supporting the abortive coup against President Sukarno.

The crowd dispersed peacefully after planned marches on the embassies of the United States, Britain and Red China were called off.

Indonesian army headquarters continued its silence over the fate of Indonesian Communist Party (PKI) Leader D. N. Aidit, who disappeared after the coup collapsed.

The army newspaper said Tuesday he still was at large, despite earlier reports of his arrest, and was trying to rally Communist resistance in East Java.

The official news agency Antara quoted Deputy House Speaker H. A. Sjaichu as saying he was convinced the Communist backed coup attempt was directed or aided by a "foreign party."

Sjaichu did not mention Communist China by name but newspapers have played up the discovery of Chinese-made weapons during anti-rebel sweeps through the Jakarta area.

SCTA Sets Social Hour

The Student California Teachers Association (SCTA) of SJS will hold their annual fall "Social Hour" in the form of a barbecue today from 4:30 to 6 p.m. at the barbecue pits near the Women's Gym.

Featured guests at the social affair put on by student teachers for new members, will be Pres. Robert D. Clark and his wife. Other members of the SJS faculty will also be present.

The main item on the menu will be steak and the cost will be \$1.25 for non-members and 50¢ for members.

Girl Cheerleaders

NEW HAVEN, Conn.—Yale's girl cheerleaders, spectacular in their road debut last week, have been banned from performing in the Yale Bowl on Saturday.

The cuties, recruited from Connecticut College for Women at New London, showed up for the first time last Saturday for the Columbia-Yale football game in New York.

President Johnson In Good Condition

WASHINGTON (UPI)—President Johnson was pronounced "in very good order" Wednesday and was told he could return to the White House whenever he wants after Wednesday night.

The good news came 13 days after removal of Johnson's gall bladder and a kidney stone. He celebrated by walking more than a mile, kissing children, putting on a golf green, kidding with military patients and signing a major bill—the anti air pollution act.

In good spirits, the President told reporters as he lounged in the warm October sun "I think I am as well as you would expect."

He declined to say exactly when he would leave the Bethesda Naval Hospital, although his doctors said

SPARTAN DAILY—3

First Open End Forum Starts Tomorrow Night

"Curriculum Requirements: Are They Worth It?" is the title of this semester's first Open End Forum sponsored by Tau Delta Phi, men's honorary scholastic fraternity. William B. Greenwood, forum chairman announced today.

The forum is scheduled for tomorrow evening at 7:30 in E326-327.

Greenwood said a panel of six professors will discuss general education and major requirements at SJS. Both the system and the worth of required courses will be evaluated.

Brief statements from each panel member will open the forum. Greenwood said. Then the topic is open to a general discussion from the audience.

The panel consists of Dr. Mervyn Cadwallader, associate professor of sociology; Dr. Albert L. Porter, associate professor of business; Dr. Theodore E. Verhaaren, professor of foreign languages; Dr. Michael O. O'Flynn, assistant professor of

electrical engineering and Dr. Peter H. King, assistant professor of humanities.

The forum will be broadcast live on KJSJ-FM, Greenwood added.

USAF Band To Perform

Members of Angel Flight, a coed auxiliary group of AF-ROTC unit at SJS, will serve as usherettes when the U.S. Air Force Band makes its one-time appearance at Jay McCabe Hall, San Jose Civic Auditorium, Wednesday, Oct. 27, 8 p.m.

Sponsored by the San Jose Chamber of Commerce, the event is open to SJS students free of charge.

Appearing with the band, conducted by Major Arnold D. Gabriel, will be the "Singing Sergeants" as well as instrumental and vocal soloists.

The band is said to have topped Hitler's audience record at Berlin's Olympic Stadium when the band appeared there on a European tour in 1951. The stadium was built by Hitler in 1936 to house that year's Olympic games, and its 105,000 seats were reported to be completely filled by audience attending the 1951 USAF band concert.

Berlin police and stadium officials estimated the concert attendance at 130,000 people, who managed to occupy not only every available seat in the house,

but also all of the aisles, entrance ways and areas on a scoreboard.

WORLD-RECORD

In Manila's Luenta Park, a world-record concert audience of 200,000 attended the band's performance.

Air Force publications reported that the "unprecedented through formed a solid mass of humanity extending from the American Embassy to the Manila Hotel and from Dewey Boulevard to Manila Bay."

57 MEMBERS

The 57-piece military band holds attendance records in 40 of the 47 countries in which it has played.

According to a report provided by the Chamber of Commerce, some of the records "have actually surpassed those established by such universally recognized prize crowd-gatherers as football games in England, wine festivals in Germany, political demonstrations in France, and even bull fights in Tangier."

Deadline Set For Getting Dance Bids

Free bids for this year's Homecoming Coronation Ball will be available from 9 a.m. to 2:30 p.m. today and tomorrow in front of the Spartan Bookstore and Spartan Cafeteria.

SJS students may obtain free bids upon presentation of their ASB cards to the ticket representatives.

This year's Coronation Ball will be held Friday, Oct. 29, at the Santa Clara Fairgrounds Pavilion. The Dick Foy Band from San Francisco will play.

The semi-formal ball will follow the western homecoming theme by having the dance among a New Orleans saloon-type motif. Mark Hutchins, chairman of the homecoming committee, will crown the queen.

SJS Groups Plan Spaghetti Feeds

It will be "Spartans and spaghetti" on Sunday and Thursday, Oct. 28, when Theta Chi fraternity and the SJS Industrial Arts Club hold individual spaghetti feeds.

Members of Theta Chi fraternity, 123 S. 11th St., will be mixing nearly 45 gallons of tomato sauce and boiling more than 380 packages of spaghetti noodles Sunday when they serve students at their fourth annual spaghetti feed.

Industrial Arts Club of SJS has planned a spaghetti feed as part of its membership drive program. The club's Italian meal will be served Thursday, Oct. 28, 4:40 to 7 p.m., at the auto court near the Industrial Arts Building.

Both events are open to the public and will cost \$1 for the meal.

Meet the Band-Aides

EDITORS NOTE: This is the second of a series introducing to readers various members of the coed dancing group known as the Band-Aides. Band-Aides composed of 12 SJS students, perform original dance routines at Spartan football games during halftime to music provided by the SJS marching band.

ANNIE WARD

Blonde-haired, blue-eyed Annie Ward is a new member of the Band-Aides. She comes from Los Altos and is a junior psychology major at SJS. Entertaining crowds at athletic events is not new to Miss Ward, who was a songleader at Fremont High School and Foothill Junior College. She also has been a song-leading instructor for pompon girls of the San Francisco 49ers, professional football team. Her past affiliations include membership in Cadettes, serving as president of the Gamma Phi Beta sorority pledge class and reigning as queen for Circle K Safety Week.

LINDA FIELDS

Senior physical education student, Linda Fields, hopes to teach modern dance or biology to high school students following her graduation from SJS. Meanwhile, the 21-year-old student from Antioch is getting plenty of dance practice as a member of the Band-Aides this year. She holds several beauty titles including Diablo Valley College homecoming queen of 1963-64 and Miss Antioch 1965 for the recent Miss Universe contest. A "B"-average student, Miss Fields named waterskiing and dancing as two of her favorite activities.

Campus Chatter

'Bulk of College Students Docile,' Says Stanford University Professor

By CHRIS RICHERT
Daily Exchange Editor

Regardless of the recent riots and rebellions that have exploded on many campuses, the vast majority of college students are passive, conformist and docile, a Stanford University professor says.

Prof. Joseph Katz, research coordinator of the Institute for the Study of Human Problems, noted that only a minority of college students is "actively challenging our conventional notions of society."

Katz cited a recent large scale survey of students at two large universities. He said the great bulk of students are most interested in what their paycheck will be 10 years from now, or what kind of suburban existence they will achieve. He said the booming college enrollments are due primarily to economic and social incentives, not intellectual ones.

According to Idaho State University's The ISU Bengal, an administrator at the university's Institute for Sex Research recently announced that a study is planned on "Sex in College."

The New York Times reported "It hopes to lighten its staff's load by training students to do much of the field work on that one."

The establishment of five new campuses of the University of California has been proposed by President Clark Kerr.

One would be opened in downtown San Francisco in 1972, one in downtown Los Angeles by 1973, one in Fresno by 1974 and one in the northern Los Angeles metropolitan area by 1975. A branch in the northern part of the San Francisco Bay area would be opened by 1976.

The plan is scheduled to go to the Coordinating Council on Higher Education by Nov. 1. The Council will make recommendations to the state legislature on the establishment of the five new branches.

A speech instructor at El Camino College was quite vexed to find out what one of his students really thought. According to the WARWHOOOP, campus paper, the instructor observing one student slouched in his seat walked quietly over and stood before his desk.

The instructor suddenly snapped at the student, "Are you learning anything in this class?" The startled student stuttered, "No sir, I'm just sitting here listening to you."

Washburn Hall Plans 'Coming-Out' Dance

Washburn Hall, SJS residence hall for women students, will introduce its "debutantes" at a "Coming Out" party and dance Friday, 8:30 p.m. to 12:30 a.m.

Miss Jane Van Brunt, social chairman at Washburn Hall, said that the dance is to be held in the dormitory's recreation room, 385 S. Eighth St., and will be an open-mixer affair. An open-mixer permits all residents of the six SJS dormitories to participate in the activity.

MUST DRESS RIGHT

In keeping with the dorms make-believe coming-out party for debutantes, those attending the dance will be required to observe requirements of the social custom by dressing appropriately for the occasion. "Well, almost entirely appropriate."

Men must wear neckties and coeds are asked to wear gloves.

"Other than that, grubby clothing may be worn and, in fact, is encouraged," said Miss Van Brunt.

'TRESPASSERS' TO PLAY

Music for the evening affair, co-sponsored by Washburn Hall and Moulder Hall for men, will be provided by a four-piece rock and roll band known as the "Trespassers."

Born Twice

Every one of us has been born at least once. Some people, however, have been born twice. The twice-born among us are called "Christians." The second birth, called in the Bible the new birth, is a spiritual awakening and quickening. The new birth is God's response to the personal commitment of any individual to the Lord Jesus Christ. While all of us are born physically, few are born spiritually because of the self-centered tendency innate in each of us. By nature we seek our own way of life and only occasionally does an individual reach the point of asking God for help. Spiritual birth occurs only when an individual surrenders his heart and life to Jesus Christ as Lord and Master.

Following the ten commandments and living an approximately moral life has never gotten a single soul into heaven (Galatians 3:10-13). Neither is it possible to earn God's favor by meritorious works (Ephesians 2:8, 9); God alone is capable of constructive action and only as He lives through men are they able to please Him.

Nicodemus (John 3:1) was a well-educated, intellectual, religious leader who sought out Jesus in order to discover how it was that men were admitted to the kingdom of heaven. The answer which Jesus gave nearly two thousand years ago is the answer which still holds true today: "you must be born again."

"One night Nicodemus, a leading Jew and a Pharisee came to see Jesus.

"Master," he began, "we realize that you are a teacher who has come from God. Obviously no one could show the signs that you show unless God were with him."

"Believe me," returned Jesus, "a man cannot see the kingdom of God without being born again."

"And how can a man who is getting old possibly be born?" replied Nicodemus. "How can he go back into his mother's womb and be born a second time?"

"I assure you," said Jesus, "that unless a man is born from water and from spirit he cannot enter the kingdom of God. Flesh gives birth to flesh and spirit gives birth to spirit: you must not be surprised that I told you that all of you must be born again. The wind blows where it likes, you can hear the sound of it but you have no idea where it comes from and where it goes. Nor can you tell how a man is born by the wind of the Spirit."

"How on earth can things like this happen?" replied Nicodemus.

"So you are a teacher of Israel," said Jesus, "and you do not recognize such things? I assure you that we are talking about something we really know and we are witnessing to something we have actually observed, yet men like you will not accept our evidence. Yet if I have spoken to you about things which will happen on this earth and you will not believe me, what chance is there that you will believe me if I tell you about what happens in heaven?" (John 3:1-12 Ph)

The new birth is real, something which must be experienced for yourself. Join the twice-born by meeting our Lord Jesus Christ today. In our pragmatic age the only convincing proof is to see for yourself that He is indeed the everlasting God. Find out for yourself. Don't take another's word for it.

'Grads and Under Grads' Entertain

"The Grads and the Under-grads," a group of six young men and three women, are performing in the grand opening show at the new Les Poupees, 30 S. First St.

The group will appear at the restaurant-discotheque night club through Wednesday.

"The Grads" divide the entertainment they offer between rock 'n roll and harmony-balls. Six of them are former members of the Mitchell Singing Boys.

Performing with "The Grads" are the "Under Grads," a trio of women that gyrate to the popular dances of today.

Marni Nixon To Perform On Saturday

Tickets are still available for the Marni Nixon concert Saturday at 8:15 p.m. in Concert Hall. Tickets for the concert, the second program in the ASB's "Invitation to the Arts" series, are free to students and faculty and \$1.50 for the public.

Miss Nixon, a soprano, will sing pieces by Handel, Purcell, Dallapiccola, Poulenc and Chausson. She will also perform works of Mozart, Brahms, Barber and Bernstein.

Miss Nixon, who sang for Natalie Wood in "West Side Story," has been hailed as one of the most sought-after voices for dubbing in motion pictures.

Miss Nixon has made records for Capitol and Columbia. Among them is the soundtrack from 20th Century Fox movies "The King and I" and "An Affair to Remember."

Miss Nixon has performed as a dramatic actress, and in musical comedy and light opera. She has been associated with the Pasadena Playhouse, San Bernardino Light Opera Association and the Salt Lake City Summer Festival.

Miss Nixon has appeared on the television program "Omnibus" and has been featured on the television programs of Tennessee Ernie Ford and Lawrence Welk.

Band Schedules Auditions Sunday For Jazz Singer

Students interested in singing with the San Jose State Studio Band are asked to audition Sunday at 5:30 p.m. in Concert Hall, M174. The band needs a jazz vocalist.

The band traditionally presents a "Day of Jazz" on campus every year and travels to area schools.

Students wishing additional information may contact Dwight Cannon, assistant professor of music and director of the Studio Band, in M216.

TENEMENTS AND TENSION—Gary Ortega, playing Angel, turns away from Gary Martinez (Spit) as Martinez attempts to grab Ortega's knife. Ken Kopec (Tommy) and Stanley A. Anderson (Babyface Martin) look on. The scene is from Sidney Kingsley's play, "Dead End," to be produced by the Drama Department Friday at 8:15 in the College Theater. The play will run Friday, Saturday and Wednesday through Saturday, Oct. 30. Tickets are available at the College Box Office between 1 and 5 p.m. Tickets are 75 cents for students, and \$1.50 general admission.

Walters To Conduct Santa Clara Concert

Dr. Gibson Walters, head of the Music Department, will conduct a Santa Clara Philharmonic Orchestra concert Friday night at 8:30 in Buchser Auditorium, 3000 Benton St., Santa Clara.

The concert, which opens the orchestra's 15th anniversary season, commemorates the centennial of Sibelius' birth. Joining in the current world-wide ob-

servance of the composer's birth, the Santa Clara Philharmonic Orchestra will play Sibelius' Fourth Symphony.

Also featured in at the concert will be the SJS A Cappella Choir. William Erlandson, director of the choir and professor of music, teaches piano and music literature.

The A Cappella Choir was founded by Erlandson in 1931. The Choir's soloist for the Friday night performance is Sharon Gilbert. Miss Gilbert, a senior music major, will sing in Poulenc's "Gloria."

Dr. Walters is one of the founders of the Philharmonic and served as concert master until 1960 when he was appointed conductor.

Booters Win in Overtime On Koopman's Late Goal

By LEE JULLERAT

STANFORD — Left wing Jerry Koopman booted in a SJS goal with three minutes remaining in the first of two overtime periods to give the Spartans a thrilling 6-5 victory over Stanford yesterday afternoon.

San Jose kicked in four goals in the fourth quarter to bounce back from an apparently invincible 4-1 deficit. Mani Gonzales and Lew Fraser knocked in final quarter scores. Fraser also booted in a penalty goal in the second quarter. The win keeps the Spartans in

league contention and sets up a "must-win" contest against San Francisco State this weekend.

Although maintaining ball control through the entire contest, Julie Menendez' crew consistently missed apparent goals. Strong defensive effort by Hercules Mihelis and Heros Esraillians and a strong second half performance by Steve Locci kept the Spartans alive.

Stanford's Danny Boyd knocked in two goals for the Indians as they almost pulled a major upset. SJS coach Julie Menendez was generally pleased with the team's ability to bounce back and the strong defensive showing of goalie Frank Mangiola.

The Spartans tangle with San Francisco State Saturday night in Spartan Stadium at 8. The Gators are considered an also-ran in the powerful NCISC.

Bicyclists Prepare For 'Little 500'

A passer-by of the Spartan track during the next month may be surprised to see athletes moving at high speeds around the oval on two wheels—not two feet as is customary.

This unusual behavior can mean only one thing—the 'Little 500' is just around the corner.

ANNUAL RACE

To freshmen, transfers and all other unenlightened members of the student body, the Little 500 is a 50-mile bicycle race, held annually by the intramural sports department.

The race is not for individuals, but rather for four-man teams.

Each team is allowed to use only one bicycle, on which they take turns riding during the race.

The competitors can use any bike they wish, as long as it has hand brakes and does not use a derailleur.

Last year, 35 teams were entered in the event, although only the top 22 from the time trials were allowed to compete.

FOR STUDENTS

The racing quartets may represent campus living centers or can be independent. The only requirement is that they are enrolled at SJS.

Intramural sports director Dan Unruh urges all students interested in competing in the Nov. 21 event to submit their team entries to MG 121 by 3:30 Friday afternoon.

A team captains' meeting will be held Oct. 27 at 2:30, and time trials are slated for Oct. 29.

SPARTAN TENNIS

The 1959 Spartan tennis team, led by Whitney Reed, capped a fine season by winning the WCAC championship. Reed went on to win the NCAA title at Evanston, Ill. In 1961, 1964, and 1965, the Spartans also won the WCAC crown.

MAN OUT OF PLACE—Spartan goalie Bruce Hobbs presents the picture of anything but a star athlete outside of the swimming pool. But when he is in the water, tending goal for the Spartan water poloists, there is no doubt about his athletic ability.

Water Polo Goalie

Don't Be Fooled; Hobbs Is for Real

By ALAN VLAUTIN

At one time or another someone must have told you not to be fooled by appearances, and they were right, at least in the case of Bruce Hobbs.

If you saw Hobbs on campus you would think the lanky student is a math major who spends his Friday nights studying.

In truth, Hobbs is a mathematics major, but spends most of his Friday nights in the water. He's a goalie for the SJS water polo team.

The 6-2, 180-pound senior began his water polo career as a sophomore at Washington High School in Freport under present SJS coach Lee Walton.

Hobbs went out for the team because "I was interested in aquatics and was not good at anything else. So I went out to see what water polo is like and I enjoyed it."

Hobbs tried out for goalie and made the first team. He was all-league the three years he performed for Washington. In his senior year, Hobbs was team-captain and was voted the most valuable player on the squad.

At SJS he made another Walton contingent. As a sophomore, he was voted the most valuable performer on the varsity, and last year was named the most valuable junior poloist.

Hobbs says the goalie slot "does not require as much endurance as

a field player, but it requires spurts of energy to be up and alert."

Hobbs feels that the Spartan poloists are steadily improving. "We have not beat any of the top teams yet," he said, "but they have all had to fight down to the last second to beat us. By the end of the season we will be one of the top teams in the nation."

He believes Walton's training program is the roughest he has ever been through, but, "I am in the best shape that I have ever been."

The Spartan goalie feels that athletics is very beneficial. "I get from athletics much more as an individual than many people receive from lectures. Water polo has been a great personality and physical developer."

Likewise, Walton feels Hobbs has helped him, terming Hobbs' game in last week's 10-9 loss to Cal "tremendous." Walton reported that Cal coach felt Hobbs was one of the best goalies he had ever seen.

WALTON ALL-AROUND

Varsity water polo coach Lee Walton lettered in football, basketball, baseball and track at Washington (Fremont) High.

He never played water polo before coming to State, learning well enough to be named an alternate for the U.S. Olympic team in 1956.

Frosh Face Papooses In Varsity Preliminary

The SJS frosh grid squad will encounter one of its toughest opponents this season when it meets the Stanford Frosh Saturday morning at 11 as a prelim to the Stanford-Army varsity contest.

The Spartababes, who lost to the Stanford junior varsity last week, will be facing, as coach John Webb terms, "the best freshman team in the nation."

The Papooses knocked off a highly-touted USC frosh team last week, 24-13 and have Northern

California Prep Back of the Year in 1964, Mark Marquess.

SJS frosh tackle Mike Steele has been lost to the team for the year with a knee injury, leaving the Spartababes with 17 players.

TOUCHDOWN UNITAS

BALTIMORE (UPI) — Johnny Unitas of the Baltimore Colts set the NFL record of 47 consecutive games in which he threw at least one touchdown pass between the years 1956 and 1960.

Arizona Loses Three Straight; Plays Fast-Rising SJS Squad

GET HIM!—Four Spartan defenders surround Arizona State's Dewey Forrister in an attempt to knock down the pass. Rich Watts (68) leaps in air as Jim McGuire (32), Rich Gaul (42), and Mel Tom (82) watch.

It will be Parent's Day in Tucson Saturday night when the SJS gridders take on Arizona and if the Spartans play like they did for their own parents, the Wildcats are in for trouble.

Last week the Spartans downed another Arizona contingent, Arizona State, 21-14, to top off SJS' version of Parent's Day.

SJS and Arizona will be meeting for the first time in their respective grid histories.

The Wildcats have a 2-3 win-loss record and have dropped their last three outings. In those three encounters, they have been able to muster only five points.

Washington State trounced the Wildcats 21-3 last week. Other Arizona defeats were to Wyoming, 19-0, and New Mexico, 24-2.

Wildcat victories came over Utah, 16-9, and Kansas, 23-15.

The Tucson squad has had troubles with offense this season and has constantly alternated its two quarterbacks, Phil Albert and Craig Liston.

Of the five touchdowns the Wildcats have scored this season, two were made by the defensive unit.

Halfback Brad Hubbert, a 24-year old sophomore, is the biggest threat with 262 yards in 61 carries.

Defensively, the Wildcats have another solid unit. Last year they were ranked 10th defensively in the nation, giving up only 7.6 points per game.

Defensive back Woody King, who the Spartans passing attack will have to contend with, has intercepted four passes in five games and returned one for a touchdown this year.

International Stars Lead Soccer Team

Since soccer is the national past-time of 125 countries, and SJS has a large foreign student enrollment, it is only natural that SJS fields a soccer team with international flavor.

Ten of the Spartans' starting eleven players were born in other lands.

Peru has the greatest representation on the team. All-America candidate Lou Fraser, who plays inside right forward, was born in Canada but has lived most of his life in Lima, Peru. Center forward Steve Locci and right wing Lou Diaz make their homes in the same city.

The Sermol brothers, Hap and Joe, both of whom are now American citizens, were born in Germany.

LIKE UNITED NATIONS

Fullback Heros Esraillian is from Albania, left wing Kamran Souresrafil from Iran, inside left Ernest Kwansa from Ghana, and halfbacks Mani Gonzales and Hercules Mihelis from Spain and Greece, respectively.

Goalie Frank Mangiola is the only member of the starting line-up playing on native soil. Mangiola's home town is San Francisco.

Of the other eight members of the squad, only two, Lloyd Murad of Venezuela and Lionel Polar of Peru, do not make their homes in the U.S.

FAMILIARITY ADVANTAGE

The international stars are quick to admit that they have an advantage over Americans who try out for the team, but only because of greater familiarity with the game.

Mani Gonzales has the same problem in reverse. Mani, who was

a basketball star in Spain and has hopes of making the 1968 Spanish Olympic cage team, says "I would be happy if I could just make the San Jose State basketball squad, much less play first string."

Depth the Key To Harrier Win

Cross-country coach Merv Smith feels that his Nos. 3, 4 and 5 runners will be the key to victory Saturday in the squad's big dual-meet at Stanford.

On the basis of past performances, Smith reasons, the top four placings will be split evenly, so depth should prove to be the difference.

Dave Duebner, who has a history of come-through performances against the Spartans, Alex Whittle and Bob Kelley are the Indian runners Smith figures can spoil the Spartans' perfect record.

San Jose had not lost a dual meet in three years when the Indians knocked them off 27-28 (low score wins) last year. Smith feels the two teams will be this close again Saturday, but makes no definite predictions.

Due to Stanford's 1964 upset, the Spartans have been pointing for this meet all season—not losing a dual meet on the way.

Smith reported that practices early in the week were poor—Monday's "was the poorest of the year," he said—but that "This is just the lull before the storm."

Smith has great confidence in what he terms the "team pride" that will make the Spartans prepare themselves mentally for the contest.

Spartan freshman and junior varsity squads will run in a meet with the corresponding Stanford squads before the varsity meet.

Sigma Chi Knots League-Leading Alpha Tau Omega

Undefeated fraternity football league leader ATO had to come from behind with a touchdown on the next-to-last play of the game to tie upset-minded Sigma Chi 13-13 Tuesday.

Trailing 13-7, the Taus struck the equalizer on a 30-yard pass from Jim Pryor to Jerry Norde-man. They failed on their conversion attempt, however, and had to settle for a tie, their first of the season.

ATO's first score came on an aerial from Pryor to Banos Brannon.

Sigma Chi's six-pointers were brought about by Gene Senter's 60-yard punt return and a pass from Bill McLaughlin to Bill Garfime.

SAE, which has yet to play both ATO and Sigma Chi, maintained its perfect record by downing Sig Ep 12-0, for its fifth victory of the season.

DU whitewashed Delta Sigma Phi 9-0 in the only other game played.

SJS Homecoming

The SJS gridders will meet UOP for their homecoming game this year Nov. 6 at Spartan Stadium.

The Spartans defeated the Tigers 37-13 last year in Stockton.

SJS SUCCESSFUL

Success of the SJS intercollegiate program is shown in the fact that since World War II only seven colleges (Illinois, Michigan, Michigan State, Ohio State, Penn State, Yale and Southern California) have won more individual National Collegiate championships than the Spartans.

they're

Spartans Meet Indians In Tough Polo Match

Mike Hansen has moved into the starting line-up for Spartan water poloists as they prepare for another in a long line of important contests, this one with Stanford in the Spartan pool tomorrow night.

Coach Lee Walton announced the change was a result of practices during the week, as Hansen sparked in "good team workouts."

Stanford, which has chalked up wins over powerhouses California and USC while losing only to UCLA this season, is paced by little Gary Sheerer, who will probably be the smallest player in the pool.

Sheerer is the team's leading scorer, and possesses many special water polo tricks and skills, as

well as being an outstanding swimmer, according to the Spartan coach.

Pete Ready and Mike Eschelman are the other scoring threats for the Indians of Jim Gaughran.

Along with Hansen in the Spartan starting line-up, Walton tentatively listed Don Moore, John Williams, Bruce Hobbs, Chuck Cadigan, Steve Hoberg and Greg Swan.

In a preliminary to the 8 o'clock varsity encounter, the SJS frosh squad will meet a Stanford freshman outfit that is nearly as highly-regarded in frosh circles as its varsity counterparts.

The frosh clobbered Cal 16-3 last weekend to even their season's record at 3-3.

VAN HEUSEN "417"

You can spot Van Heusen's Agent 417. He has that mysterious, casual air women just adore. The secret to this sleek, trim appearance — his "V-Taper" button-down collar shirt. There's a "417" sport or dress shirt, sweater, pajama, for every assignment. Cut a caper and try one. No telling what you'll uncover.

Natalie Wood Stars In Italian Romance At Friday Flicks

"Love With the Proper Stranger," starring Natalie Wood, Steve McQueen and Edie Adams will be this week's Friday Flick.

The film concerns the romance of an Italian girl from a fiercely protective family and her offbeat photographer boyfriend.

All Friday Flicks are shown twice, at 6 and 9:30 p.m. in T1155. Admission is 35 cents.

Phrateres, 6 p.m., College Union, regular meeting.

MAYS TO SPEAK

Dr. Horace Mays, leader in Christian education will speak at the Antioch Baptist Church this Sunday at 3 p.m.

The church is located at the corner of Seventh and Julian Sts.

Group Sets Workshop Saturday

The Mexican-American Community Service Organization will hold a meeting and workshop Saturday to recruit SJS students for their tutoring, Big Brother and Big Sister programs.

The meeting will be held in the Spartan Cafeteria beginning at 9:30 a.m., Raul Aguilar, SJS student and campus co-ordinator said.

The meeting will give needed background information to interested students and is a prerequisite for entering the tutoring program, according to Aguilar.

The community program began three years ago, but this is the first time that an organized effort is being made to recruit SJS students.

"Tutors will be helping students of all races and economic backgrounds, but mostly Mexican-Americans of low economic groups," Aguilar said.

Tutors participating in the first programs will be expected to spend two hours each week working with students at Lee Matson Junior High School.

Speakers at Saturday's meeting will be Leno Lopez, director of the Mexican-American Service Organization; Keith Cakebread, principal at Lee Matson Junior High School; Rudy Ortega, instructor at Overfelt High School; and Father Anthony Soto, pastor at Guadalupe Church.

Students seeking further information may call Aguilar at 286-8643.

Job Interviews

TODAY

The Pacific Telephone and Telegraph Co.: electrical engineering, mechanical engineering, industrial engineering, math, physics, liberal arts and business administration majors for positions as engineers at the management level, systems engineers, administration, supervision, customer contacts, sales and accounting. Parks anywhere

A Honda needs a mere 3'x6' space to be perfectly content. And that puts an automobile on a spot, about a mile away from its destination.

There are other sides to Honda, too. Hondas are fiendishly frugal. A gallon of gas will carry you up to 200 mpg, depending on which of the 15 Honda models you're driving. And insurance bills shrink to practically nothing. As for upkeep, a Honda needs little.

The shining example above is the remarkable Honda 50. It sells for about \$215*. And there are 14 more models to choose from. Look them over.

See the Honda representative on your campus or write: American Honda Motor Co., Inc., Department C2, 100 West Alondra Boulevard, Gardena, California 90247.

HONDA
world's biggest seller!
